La fête scolaire est organisée en tant que **Green Event**, reflétant notre engagement en faveur de la durabilité et de la protection de l'environnement. Dans cette optique, nous encourageons tous les participants à privilégier la mobilité douce, comme la marche, le vélo ou le covoiturage, ainsi que les transports publics pour se rendre à l'événement. Ensemble, faisons un pas de plus vers un avenir plus vert en réduisant notre empreinte carbone.

Dear parents, dear volunteers,

As organisers of the school festival, we are aware of the environmental impact such an event can have. Therefore, we have taken the necessary measures to make our festival more environmentally friendly.

For the 2026 edition, we have set ourselves the goal of obtaining the “Green Events” label. Events that are organised in an environmentally responsible way can receive this label awarded by the Ministry of the Environment.

To obtain the “Green Events” label, several criteria must be fulfilled, including:

- the use of reusable cutlery and reusable cups for food and drinks
- conscious waste separation
- Paperless as far as possible
- regional, local, Fairtrade and organic products
- the use of sustainable materials in the organisation of the event
- accessibility of the event location by public transport, bicycle or on foot
- carpooling is recommended
